

WHEN

When the sun hides beyond the sea and
darkness shows what no one else can see,
when the moon calls the creatures of the night
and the wind tells a fairytale,
when right and wrong divide truth and lie and
when hope has not yet died,
when desire holds the key to your dreams and
feelings begin to fly –
it is then, when the nature revolts to keep itself
alive, because mankind has sold its precious
soul.

Let your feelings grow and open your heart
because the tempting voices of desire call.
See the darkness guarding light and taste the
kiss of surrender at the night.
Feel the magic, breath the power, when gnomes,
elves and witches will call- do not hide away but
stand up tall, because this is the moment and
the right hour, to be who you are.
Who you were, who you are, who you will be
and what is there to come, you will never
foresee it ...
